

Pastor Greeting

I would like to thank all those who have served the church as Healers, Presiders, Speakers and Mediums. It is with your continued service to our church, that we are able to touch the hearts of so many. Thank you!

I would like to answer a question and some concerns, regarding Healers and their abilities.

Everyone has the ability to practice mediumship, it requires practice, effort and desire to do so. Healing is a form of mediumship.

As you all know, we each have our own special gifts and differing modalities. Infinite Intelligence has granted us individuality. Therefore, our Healing qualities will be as individual as we are!

Recently, I had heard a comment after a healing. It was regarding the aptitude of the Healer and whether or not the healing would be sufficient because the Healer's hands

were not warm while performing the healing.

Let me assure everyone: a Healer is a CONDUIT for Spirit! Spirit travels through the Healer and the necessary energy is delivered to the recipient. The Healer themselves have little to do with the healing. As long as the Healer is attuned to Spirit and allow themselves to be of service, the energy Spirit has for the recipient will be delivered.

Does this mean the Healer's hands must produce red hot energy? Absolutely not. Although it is the norm, it is not essential for healing results.

Use absentee healing as an example. The recipient is not aware when a Healer may be sending healing energy and love their way. Would it matter if the Healer's hands are warm at the time of the absentee healing? Well, of course not.

We must remember to be open minded and trust in Spirit to do that of which we request of them. If you sit as a healing recipient, trust that Spirit is there for you, healing and sending you love.

Please do not hesitate to contact me with questions or concerns.

*Feature on: Dwight
Broadstone, President Emeritus*

If you haven't had the pleasure to be greeted by Dwight at church, look for an opportunity. His knowledge and personae of Spiritualism emanates from him like a beacon of light.

The advice that he shares with us isn't given in a preaching manner but rather more of a folk tale told with animation and a sly smile.

His patience with those who have forgotten to cultivate the "Justice" of our religion was and is a hard path to emulate. He once offered to me: Do not be a carping critic! Point out the good things in the lives of others and Keep Sweet! Words we all should remember.

Recently, Dwight shared his opinion on Spiritualism: "My feeling is we are reincarnating immortal souls. We live according to what is right for us

and future generations. Our standard of behavior and what we think and do, is what will shape tomorrow."

Dwight has been an active member of Spiritualism for 44 years. He became President of the Board of Directors for The Church of Spiritual Life and held that seat for 21 years, until his retirement in 2013. We can only pray he stays around for another 20 or so!

*Thank you, Dwight, for all you have given and continue to give to, we the members.

Brett and Emma Chronicles

It is Sunday

Brett is chairing the Service. He and the guest speaker are best friends. During the Service, Brett introduces his best friend, The Reverend John Tilson, as "Johnny Boy." Everyone looks funny at Brett. Johnny Boy, ahem, that is, *Reverend John Tilson*, also looks funny at Brett. Brett gets nervous.

The Pastor quietly gets Brett's attention, smiles then mouths the words "Reverend John Tilson." Brett quickly recognizes his mistake and chuckles. Brett corrects himself and re-introduces his best friend, the guest speaker, as "Reverend John Tilson." Everyone smiles and nods. Everyone is happy for Brett. Brett is happy for everyone. Reverend John Tilson enjoys speaking to the congregation about compassion and forgiveness.

Brett and Emma can't wait for next Sunday when Emma will serve as a Contact Healer.
